PROFESSIONAL SUMMARY

UAE-based Cybersecurity professional (CEH v12) with experience in endpoint security, SOC monitoring, threat intelligence, and healthcare IT. Skilled in MITRE ATT&CK, OSINT, IOC analysis, Active Directory, Python automation, ISO 27001, and NESA UAE compliance. Immediate joiner, UAE Residence Visa holder, open to roles across all Emirates.

TECHNICAL SKILLS

- Security & SOC: Log Monitoring, Alert Triage, Endpoint Security, Incident Handling, IOC Analysis
- Threat Intelligence: OSINT, MITRE ATT&CK Framework, Dark Web Monitoring, Threat Reporting
- Compliance & Governance: ISO 27001, NESA UAE, ADHICS, ITIL, Vulnerability Assessment & Reporting
- Networking & Infrastructure: TCP/IP, DNS/DHCP, VPN, Firewalls, Active Directory, Microsoft 365, Windows 10/11
- Scripting & Automation: Python – Log Parsing, Security Reporting | Systems: MEDAS HMS, OS Deployment, Patch Management

PROFESSIONAL EXPERIENCE

Metro Medical Centre – Ajman, UAE

Jan 2026 – Present

IT Support & Security Analyst

- Monitored and responded to security alerts, endpoint anomalies, and network incidents for 50+ healthcare staff
- Managed endpoint security, patch cycles, OS deployment, and network infrastructure (VPN, DNS/DHCP, Firewall)
- Ensured 99%+ MEDAS HMS uptime and supported NESA UAE healthcare IT security compliance
- Maintained incident logs and reduced resolution time through streamlined escalation and documentation workflows

FalconFeeds.io – Remote

Mar 2025 – Sep 2025

Cyber Threat Analyst Intern

- Monitored dark web forums, Telegram channels, and OSINT sources for emerging cyber threats
- Performed IOC analysis on malicious IPs, domains, and file hashes; mapped TTPs using MITRE ATT&CK
- Produced structured daily threat intelligence reports improving team response times and threat visibility

EDUCATION

BSc in Cyber Security with IBM – Yenepoya University, India

2025

CERTIFICATIONS

- Certified Ethical Hacker (CEH v12) – EC-Council | Google Cybersecurity Professional Certificate – Coursera
- IBM Cybersecurity Advanced Certification | Cisco Introduction to Cybersecurity
- IBM Generative AI Essentials | 1 Million Prompts Initiative – Dubai Future Foundation
